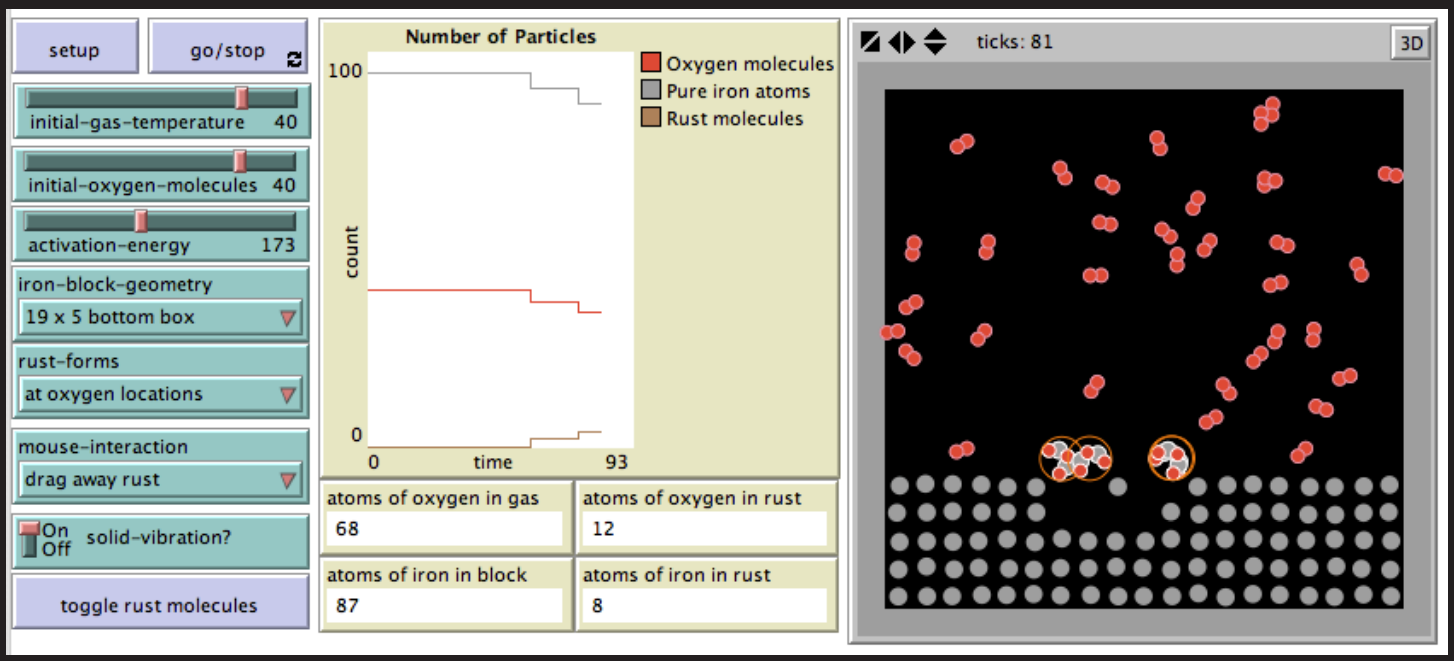
SCIENTIFIC COMPUTER MODELING



DR. ASHOK PRASAD

ASSOCIATE PROFESSOR

DEPARTMENT OF CHEMICAL AND BIOLOGICAL ENGINEERING, COLORADO STATE UNIVERSITY

College of Natural Sciences
Education & Outreach Center

Online scientific simulations are gaining in popularity. In this workshop, we will introduce you to the world of scientific modeling and walk through the basics of NetLogo, a tool that lets you quickly create your own simulations of things like pine beetle infestations, predator-prey dynamics, diffusion, etc.

You are invited to the College of Natural Sciences Education & Outreach Center's Spring Event*!

(In collaboration with the CSU Chapter of Sigma Xi and Science Olympiad)

When:

Friday, May 18, 2018
10:00 a.m. - 12:50 p.m.
Refreshments!

Where:

CNS Education & Outreach Center
Third floor of the Natural & Environmental Sciences Building
1231 East Drive, Main Campus

(*For National Science Olympiad Participants Only)
